***\*One of Wiltshire Council's key priorities is supporting the local economy and part of this strategy is its commitment to improving access to Superfast Broadband throughout the county. The Council awarded a contract to British Telecom in January 2013 to ensure that by March 2016 91% of all premises in the area will have access to superfast broadband, an investment as part of the Great Western Broadband Programme of over £35.6 million.\****

Please take this as confirmation of the services available to new and existing users at Hawke Ridge Business Park. BT Look to add value and efficiency to business throughout the UK.

Yours sincerely
